

Come join the team at Premier Panel where we design, build and deliver structural building components for residential and commercial structures for distribution across Southeastern Michigan.

- We have been building wall panels here in Livonia for over 15 years
- We are a growing company with aggressive plans for the future
- We will train you! Basic carpentry experience is a plus.
- Great opportunity for transitioning veterans!
- We care about our employees and treat them like part of our family
- If you enjoy carpentry but are tired of working outside in our crazy Michigan weather, never knowing how many days a week you will have work, we offer a great alternative for you!
- Positions available now! Tell your friends. Come work with us to help build the American dream, one wall panel at a time.

Applicant skills we look for:

- Ability to read and understand simple diagrams
- Ability to apply common sense to carry out written or oral instructions
- Ability to stand for long periods of time
- Ability to follow safety rules and regulations, and maintain a safe and clean work environment
- Must be good with your hands and able to use nail, staple, and air guns, power hand tools, measuring tape and framing hammer
- Must be at least 17 years of age

Job Description and Requirements:

- Assembly of interior and exterior wall panels using nail and staple guns
- Stacking / marking cut materials on carts
- Stacking wall panels
- Physically demanding job that requires bending, stooping, twisting, lifting, reaching, squatting, and kneeling - a great opportunity to get yourself in top physical shape!
- We maintain a drug free work environment
- Starting pay is \$12.50/hour with holiday and vacation pay potential after milestones reached
- Associates are encouraged to move up quickly to positions of more responsibility
